

Update webinar

2-way Outlook, Analytics & SSO

Mark de Jong

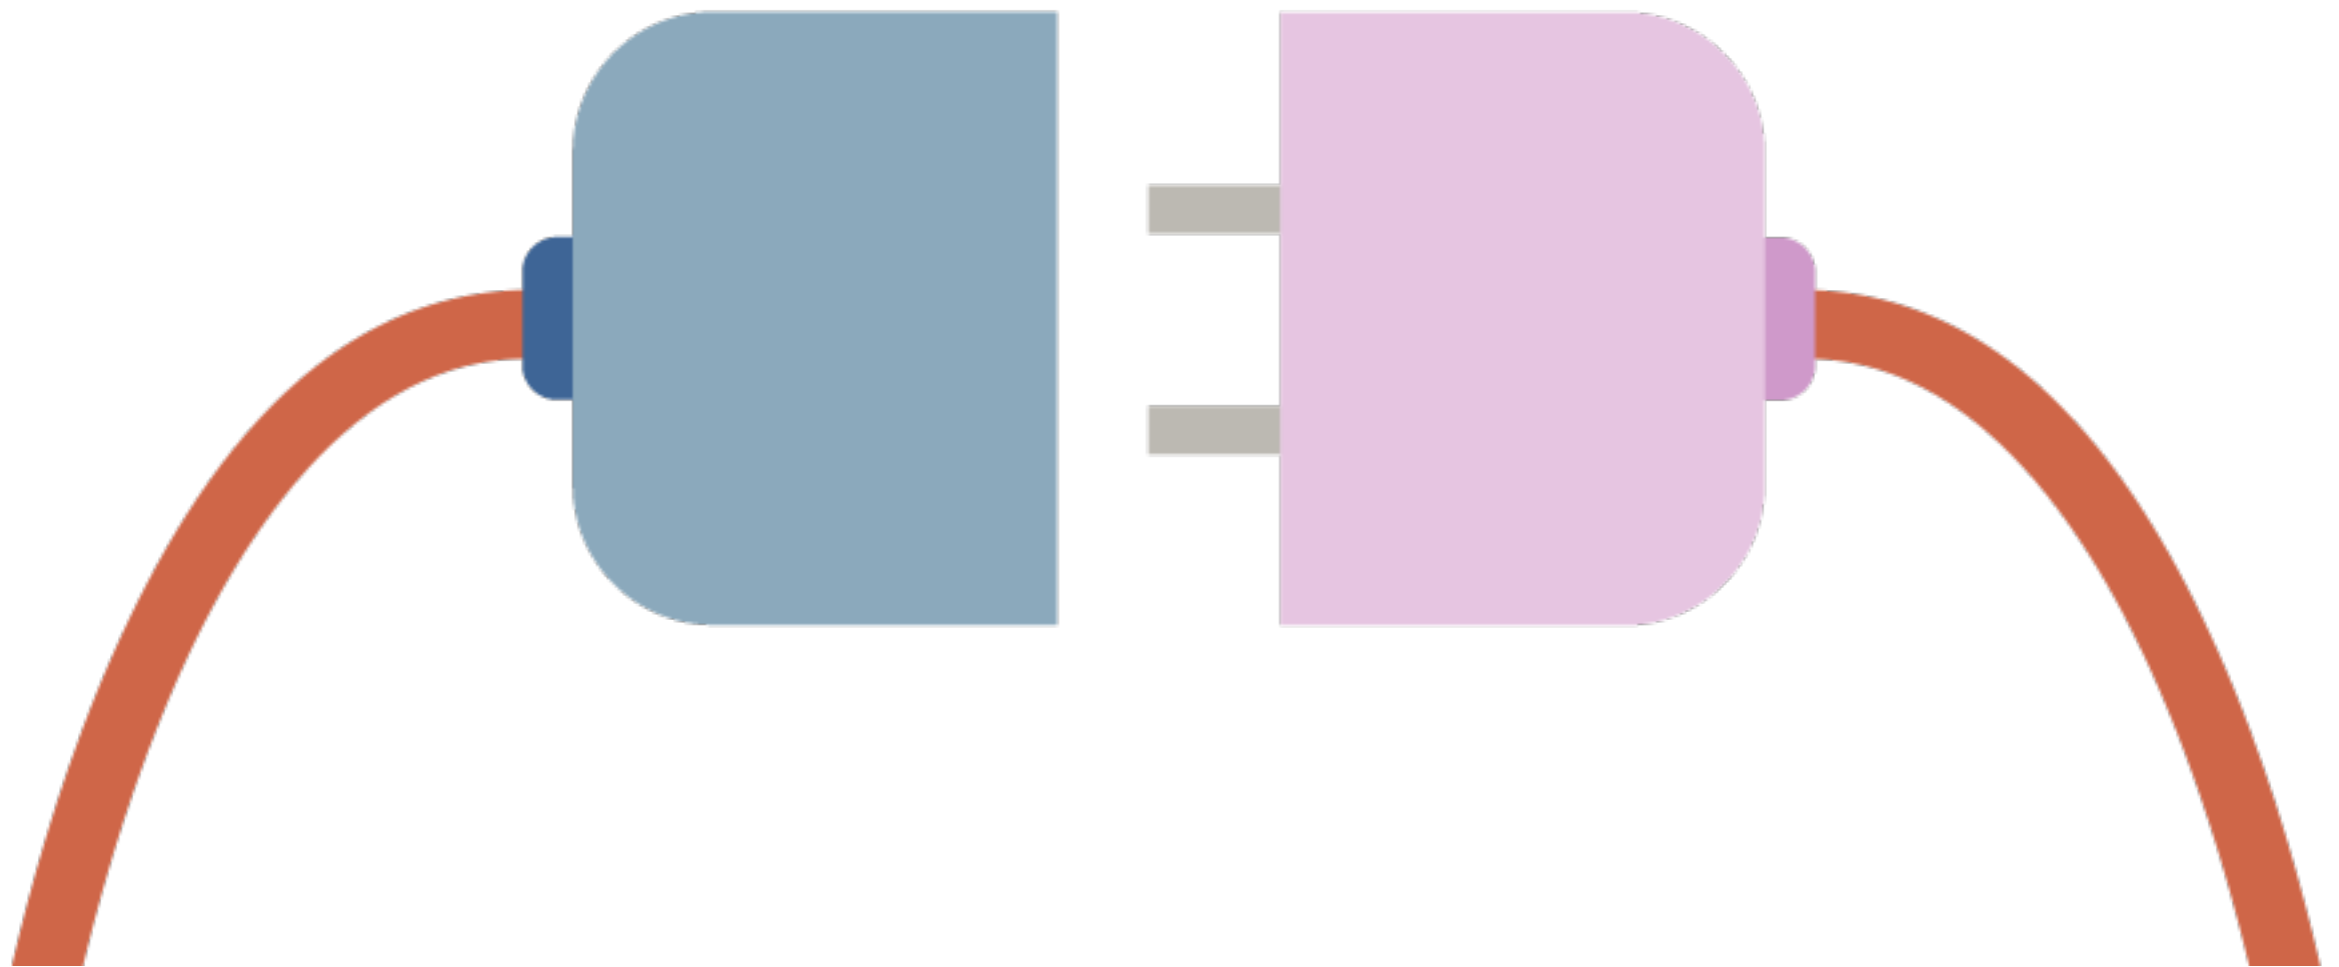

Renée Eringa

1. 2-way sync Outlook
2. Analytics
3. Single Sign On
4. Questions & answers

2-way sync Outlook

- Tag appointments with project/activity
- Timewax add-in
- Importert non-specified appointments

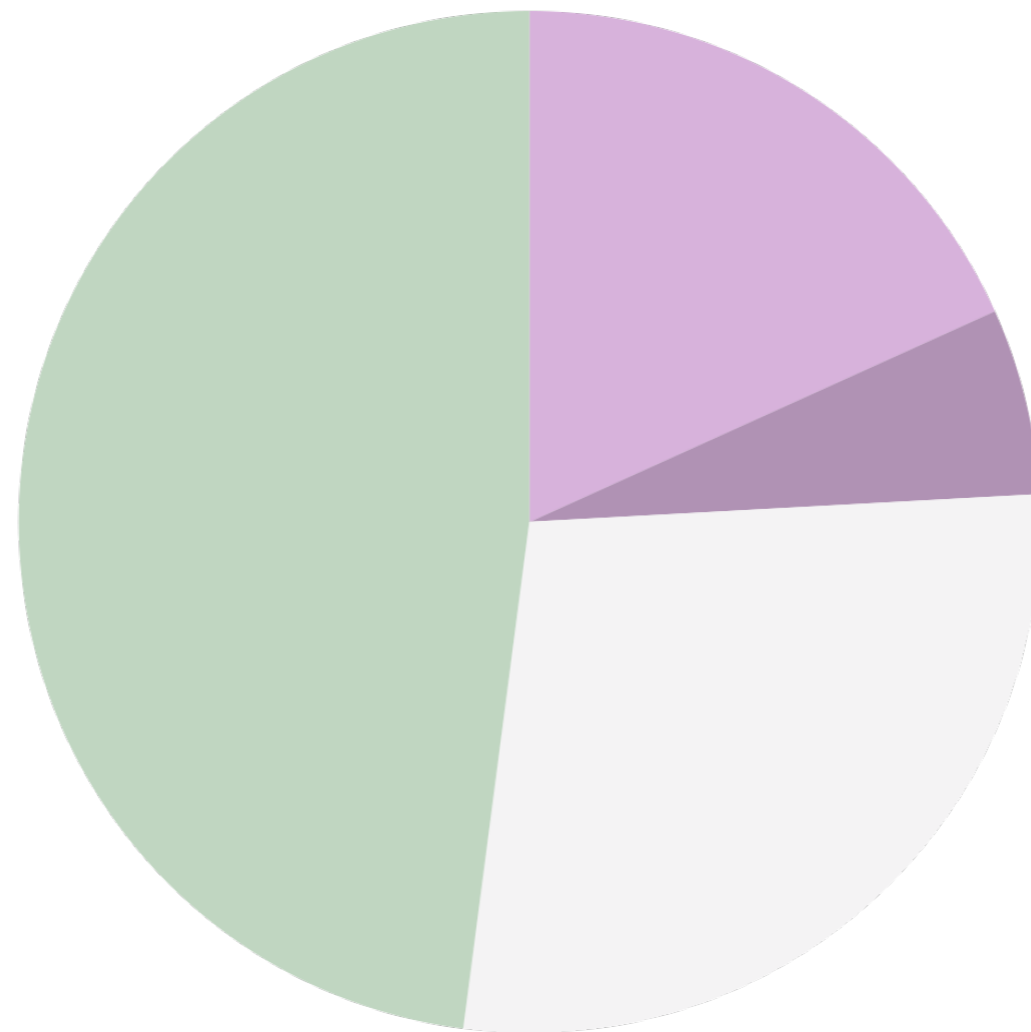

- Employee -> schedule from Outlook
- Planners -> complete overview of availability
- Note entries -> prevents pollution of utilization %

Demo

- Repeating entries -> single bookings
- All day bookings in Office are excluded
- Full access rights to bookings in user profiles

Questions?

Analytics

- Visualisation of data
- Interactive
- Data security is applied

Demo

- The dashboards are 1 day behind
- Standard dashboards, adding new ones
- Custom dashboards possible for one-time fee

Questions?

Single Sign On

- SAML 2.0
- Your own login page
- Ease of use + better security
